Peerless' OneMount™ Wins 2006 Custom Retailer Exc!te Award at CEDIA Expo 2006

*- Leading Consumer Technology Publication Recognizes Peerless' 23-inch to 84-inch
Universal Mounting Solution -*

CHICAGO, IL – September 25, 2006 – Peerless Industries, Inc., the industry leader in professional-grade audio/visual mounting solutions, announced that its OneMount™ Flat Panel Modular Mount for LCD and plasma screens from 23-inches to 84-inches has been honored with Custom Retailers Magazine's Exc!te Award for 2006.

“We feel very privileged that Custom Retailer Magazine has recognized the OneMount with its prestigious Exc!te Award,” said Mike Campagna, President, Peerless Industries, Inc. “We are thrilled by the positive feedback that the OneMount has received at CEDIA 2006 and receiving the Custom Retailer Exc!te award greatly adds to the experience.”

Flexible, Versatile, Modular (ONET models)

Peerless' new OneMount™ patented design provides a single solution that accommodates flat panel screens from 23 inches to 84 inches weighing up to 250 pounds. It is comprised of three interlocking wall plates that can be used together or separately, depending on screen size. These plates fit easily into position and are held together using a minimum of two screws in a two-plate configuration or a maximum of only four screws in a three-plate configuration. Designed to enable quick and easy installation in residential or commercial applications, it comes in a compact package that reduces shelf and storage space for professional installers and retailers.

For more information on Peerless' professional-grade mounting solutions and the OneMount™ visit www.peerlessmounts.com or call (800) 865-2112.

About Exc!te Awards

The Exc!te Awards pay tribute each year to products that best exemplify the excitement and growth of the consumer electronics industry. Recipients are selected through consultation among Custom Retailer Magazine's Editors and Contributors, as well as selected retailers and industry observers. Whether through exceptional innovation, outstanding value, market presence or market impact, the Exc!te Award winners have distinguished themselves as the leading lights of the business.

About Peerless Industries, Inc.

Peerless has designed and manufactured the most comprehensive line of audio/visual mounting solutions for over 40 years. Today, Peerless designs and manufactures mounts for current and emerging visual display technologies, including LCD and plasma flat panel displays, projectors, CRT televisions and other electronic equipment used in the commercial and consumer markets. Built on decades of experience and proven expertise, Peerless Industries is ISO 9001 certified and is an approved Underwriters Laboratories testing site.
