***360 DEGREES OF SCREEN PLACEMENT POSSIBILITIES WITH PEERLESS' NEW FLAT
PANEL MOUNT ACCESSORY***

*-Visit Booth # N5115 at InfoComm 2008 To Experience The Accessory That Goes Beyond Landscape
And Portrait Orientation-*

CHICAGO, IL – InfoComm 2008 – Simply and easily create impressive and dynamic video displays with Peerless new addition to its accessory offering. The new 360-degree mount accessory goes beyond landscape and portrait orientation by delivering incremental 15-degree screen positioning within its 360 degree radius, opening up an infinite number of application possibilities. The new accessory will be shown in Peerless' booth N5115 at InfoComm 2008, Las Vegas, NV, June 18-20th.

Unprecedented Rotation Functionality For Screens Up To 60 Inches

Peerless' new 360-degree mount accessory delivers unprecedented rotation functionality for screens up to 60 inches, opening up application possibilities that are not available with ordinary landscape/portrait mounts. Create eye-catching innovative displays with this fully rotational accessory that enables the mounted screen to be easily set at 15-degree locking increments within its 360-degree radius. Without ever having to remove the screen from the mount, it can be rotated into the desired position and set in place. Ideal for use in digital signage applications, this new accessory delivers flat panel rotation capabilities never seen before.

Effortless Screen Positioning Made Possible With The Easy-Pull™ Handle

Ensure that the next innovative digital signage installation is tamper-proof yet easy to manipulate when change is needed with Peerless' 360-degree mount accessory. The new accessory provides a unique tamper-resistant rotational mechanism that locks the desired screen position in place. When unlocked the accessory's innovative spring loaded angle-lock mechanism with an Easy-Pull™ Handle enables one person, effortless screen rotation (clockwise or counterclockwise). With just a pull of the

handle—not needing to remove the screen—this accessory enables quick and easy screen configuration changes.
