LEARN HOW TO SAVE TIME AND CUT PROJECT COSTS IN PEERLESS' TRAINING SESSION AT INFOCOMM 2009

CHICAGO, IL – InfoComm 2009 – Now is a great time to make things simpler, more efficient and less costly and Peerless Industries, Inc., the industry leader in professional-grade audio/visual mounting solutions, is geared up to help installation and system integration professionals do that at InfoComm 2009. Session attendees facing one-of-a-kind mounting situations will see Peerless' audio/visual expertise in action when some of its custom, picturesque installations are featured and explained. Before and after the session mounting experts will be on hand to answer questions and offer advice on how to best adapt Peerless products to meet challenging applications.

Attend Peerless' training session, *Profit, Time, Effectiveness - Enhancing Any Project with the Right Mounting Solutions*, taught by Kayde Spilde, product/project manager, Peerless Industries, Inc. on Thursday, June 18, from 2:30 pm to 4:00 pm in Room W103B, and walk away with the understanding of how to select the ideal mounting solution for any situation that saves on the bottom line and provides the best overall value.

About Kayde Spilde, Product/Project Manager

Kayde Spilde has a passion for commercial technology and has focused her career on building products and services to grow business in the digital display marketplace. In April 2008, Kayde joined the custom product development team at Peerless Industries, Melrose Park, IL. She serves as a primary point of contact for custom mounting needs and development, including aggregating technical information and consulting. In addition to product development, Kayde has successfully developed a unique communications system for educating industry partners through webinars and special trainings.
