

Universal Projector Security Mount

NEW!

Designed with security in mind, the PSM-UNV offers dual layers of protection for multimedia projectors. Security fasteners secure the projector to the mount, while the low-profile key-locking tray protects these fasteners for an extra level of security. The PSM-UNV features a standard adjustment screw that makes it easy to position the projector without having to compromise or access secure components. This sleek yet solid security tray comes complete with the mount, extension column connector and cable management system that keeps cords out of sight. The PSM-UNV combines security with easy to install and use design that is uniquely Peerless.

- Dual-levels of security for added theft-deterrence
- Universal tray pattern accommodates most projectors
- Built-in mount aligns image with single adjustment point
- Multiple access holes for versatile cable management
- Easy projector access without compromising mount security
- Available in black, silver or white finish to match projector or décor
