

In-Wall Mount

For up to 40" LCD Flat Panel Screens

NEW!

Make the most of your flat panel experience by installing it flat against the wall with Peerless' IM740P In-Wall Articulating Arm. Installation is quick and easy thanks to the mount's stud-locating tabs that fit the in-wall box snugly between 16" wood stud centers. View the flat panel screen in its virtually no-profile home position, or extend the arm up to 16" to watch it practically anywhere else within the room. This mount is so flat, it may even allow installations to meet ADA requirements.

In-Wall Mount

For up to 40" LCD Flat Panel Screens

Model Numbers
